A. In selecting the means of transportation, the following factors shall be considered:

1. Cost, including without limitation, per diem, overtime, lost work time, and actual transportation costs;
2. Total distance of travel;
3. The number of points visited;
4. The number of travelers;
5. Energy conservation; and
6. Routing of travel:

4. Other incidental expenses, including, without limitation:

- a. Use of bus, rental car, subway, streetcar or taxicab between a temporary duty station and lodging or restaurants; and

- D. When a common carrier furnishes the same method of travel at different fares between the same points for the same type of accommodations, the lowest cost service shall be used unless use of a higher cost service is administratively determined to be more advantageous to the Township.
- E. When accommodations which have been reserved can not be used, the traveler shall release such accommodations within the time limits specified by the carrier. Failure to take such action may subject the traveler to liability for any resulting money losses.
- F. Penalty payments made by carriers to customers for oversold reserved accommodations are due to the Township and not the traveler when they result from business travel. Tickets shall be picked up as soon as possible after reservations are made, and in all instances within the time limit prescribed by the carrier's ticketing agent.

**Section 6.114            Use of Taxicabs**

- A. The use of taxicabs while on travel may be approved for local transportation when it is advantageous to the Township and when other suitable public, Township owned or rental transportation service is not available.

    - c. Observe the hours-of-use schedule in order to prevent payment for and additional day(s).
- B. Commercial vehicle rental contracts generally include full insurance coverage for property damage, personal injury or death to lessee. Physical damage to the rented vehicle, however, usually includes a deductible amount specified in the rental contract for which a lessee (Township) is responsible. Where physical damage is sustained by a rented vehicle, the Finance Director shall determine whether the Township or the official or employee is personally responsible for the deductible in accordance with the Personnel Policies and Procedures.
- C. Personal accident insurance is a personal expense and the deductible and other fees and cost of such insurance is not reimbursable by the Township.
- D. Travelers shall be responsible for reserving commercial vehicle rentals.
- E. If rental payment must be made in cash, an advance of funds may be obtained for the estimated cost. ##### **Section 6.118**

##### **Per Diem**

- A. **Per Diem** is the allowance for lodging, meals, and incidental expenses. The United States General Services Administration (GSA) establishes per diem rates for destinations within the Continental United States (CONUS) which can be obtained at website [www.gsa.gov](http://www.gsa.gov).

1. The KTC will use the GSA CONUS per diem method for all travel expenses for travel that exceeds twenty five (25) miles one way. The per diem will cover breakfast, lunch, dinner and incidentals according to the attached CONUS per diem rate.
2. The date and time of travel shall accurately reflect the employee's actual departure and arrival to and from their official duty station or residence on the travel authorization form to receive the required per diem rate for all KTC official travel.
3. If a city is not listed, but the county is, then the per diem rate is the rate for the entire county. If the city and the county are not listed, then that area is considered to be a Standard CONUS location.
